

Global IT Engineers Cookie Policy

Last Updated: 01-09-2023

At Global IT Engineers, we believe in being clear and open about how we collect and use data related to you. In the spirit of transparency, this policy provides detailed information about how and when we use cookies.

1. Does Global IT Engineers use cookies?

Yes, we use cookies and other technologies to ensure everyone who uses our website has the best possible experience. Cookies also help us keep your account safe. By continuing to visit or use our services, you are agreeing to the use of cookies and similar technologies for the purposes described in this policy.

2. What is a cookie?

A cookie is a small file placed onto your device that enables website features and functionality. For example, cookies enable us to identify your device, secure your access to our site, and even help us know if someone attempts to access your account from a different device.

3. When does Global IT Engineers place cookies?

We use cookies on our site and mobile applications. Any browser visiting our sites will receive cookies from us.

4. What types of cookies does Global IT Engineers use?

We use two types: persistent cookies and session cookies. A persistent cookie helps us recognize you as an existing user, so it's easier to return to Global IT Engineers or interact with our services without signing in again. After you sign in, a persistent cookie stays in your browser and will be read by our site when you return. Session cookies only last for as long as the session (usually the current visit to a website or a browser session).

5. What are cookies used for?

Cookies can be used to recognize you when you visit our site, remember your preferences, and give you a personalized experience that's in line with your settings. Cookies also make your interactions faster and more secure.

6. How are cookies used for advertising purposes?

Cookies and other ad technology such as beacons, pixels, and tags help us serve relevant ads to you more effectively. They also help us collect aggregated auditing, research, and report on ads.

7. How to manage cookies

Most browsers allow you to control cookies through their settings preferences. However, if you limit the ability of websites to set cookies, you may worsen your overall user experience.

8. Updates & Contact

We may update this policy from time to time, so you should check it periodically. If you have any questions about our use of cookies, please contact us at info@gi-engineers.com.
